Property Description

Summerland Villas is charming condominium complex located in Prospect St. James overlooking the West Coast of Barbados. This beautiful penthouse unit offers four large airconditioned bedrooms set over 3,000 square feet.

The unit itself has a wonderful open plan which flows naturally out on to the large terrace where you can enjoy dining al fresco while watching the sunset over the Caribbean Sea. The development itself also has a myriad of amenities including large communal pool, controlled gated access and a gazebo for use by residence and guest.

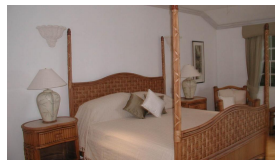

Summerland Penthouse is being sold furnished and with a range of high-end appliances making it a fantastic turnkey property for someone looking to invest in Barbados real estate. Its proximity to the beach also makes it a fantastic home to put in the rental market or for a homeowner who wants to spend their time with their toes in the sand.

The property is also located just 5 minutes south of all the attractions, restaurants and shopping in Holetown as well as a 10-minute drive to the main town of Bridgetown. For more information on Summerland contact our sales team at info@realtorslimited.com today.
