

### Property Description

Casuarina Grande is slated to be completed in the summer of 2022 and will offer a selection of 14 private apartments for purchase. The development is nestled at the end of a quiet cul-de-sac just two minutes walk from Mullins Beach on the West Coast of Barbados and features studio, one-bedroom, two-bedroom and three-bedroom units for sale.

The development will also have a myriad of amenities available for use by owners and guests including a large private pool with expansive sun deck, gazebo and tropically landscaped grounds as well as gated access for added security. There is also owner storage provided onsite perfect for purchasers who wish to rent their unit when not in use.

Casuarina Grande's main selling point is its location, with one of the best Beaches in Barbados just steps away as well as dining at Sea Shed and Mullins Beach Club. Speightstown and Hometown are also just a short drive away and owners can enjoy duty free shopping, dining, nightlife and much more.

The one-bedroom apartments average around 650 square feet of living space and will have a wonderful open plan design which includes a small home workspace perfect for when you need to stay in touch while in Barbados.
